WE **NEVER FAIL**

To sell clothing to a man who wants to buy if we once get him into our store. The reason is that our stock is so big we are sure to fit him, and our prices are so low that it is not worth while to go anywhere else. We don't expect

TO GO BANKRUPT

But other firms have, and we have bought their goods at slaughter prices! That is the reason we can sell you a suit for \$10.00, for example, that actually cost the merchant who bought it first \$10.50. We opened up \$2000 worth of new clothing this week, and you positively must not buy anywhere else until you have seen the bargains we have to offer you. It is hot now, but you want to be looking out for the clothing you will need

THE SOLDIER'S HOME.

THE SOLDIER'S HOME.

Inia Kansar, Aug. 14, 1894.

Mr. Editor:—As you are a member of the Legrishature, will you please give us a little information concerning the management of the State
soldier's Home (so called). The writer lately
addressed a note of inquiry to the governor of
the Home and I received promptly a reply with
blank form of application, stating that application could be filed at any time but that it
would be one year at the very least before the
application could be reached and acted upen.
New as it is very evident that no old Vet would
apply unless his immediate necessities were
pressing, is it not all a demaion to those outside
and a snare to those inside to have a great rich
State telling them that she has provided a comfortable, happy home for their declining days,
when it takes at least one and perhaps ten years
to open the pearly gates of admission thereto.
New Mr. Editor, don't think this swritten in
a spirit of complaint or a calamity how! If the
majority of Kansans wish to have it so as the
beave committed with the state of the state
sold the state of the state of the state
sold the state of the state of the state
sold of the state of the state of the state
to the first state and figg. So let it ever be
with us who remain. We will be loyal to the
State, the Union and the Figg. Ex Tar.

The State Soldiers Home at Dodge

ago passed a law requiring the coun-ty commissioners to make proper pro-vision for every indigent old soldier within the limits of their county, not by sending him to the poor house, but by maintaining him at his home. No old soldier can suffer for want of the necessatics of life in Kansas, and some need ever go to the poorhouse. none need ever go to the poorhous

The State Soldiers Home at Dodge City was opened only 4 years ago. It was begun on a comparatively small scale because it was largely an experiment and no one could to resee how much demand would be made upon it. We know that the last Legislature appropriated for the running expenses all the money that it was then thought would be required. If it has proven insufficient, or if the capacity of the Home's not equal to the demands made upon it, the matter will probably be remedied by the next Legislature. It certainly will be if the next Legislature is Republican.
